

HELUTOOL® HAPW 30

TECHNICAL DATA

Battery-powered hydraulic tool in toolbox

■ APPLICATION

- For processing Cable lugs and Connectors up to 400mm²
- Quick infeed due to double piston hydraulic system
- Variable speed for placing the tool
- Ergonomic design for fatigue-free work
- Easy to service and compact design
- Two-piece component handles with optimal weight distribution
- Powerful Li-Ion battery 18 V
- LED to illumination of the workspace
- Crimping area: 10-400 mm²
- Press capacity: approx. 80 kN
- Head rotation: 360°
- Opening range: 37 mm
- Weight incl. battery: approx. 4,4 kg
- Tool dimensions: 330x390x75 mm

■ NOTES

- matching inserts on request

Scope of delivery:
Battery- powered hydraulic tool
Battery
suitcase
battery charger <br-/> carry strap
