

HELU-AZK-H-CU TINNED

TECHNICAL DATA

Compression tap wire connectors

■ STRUCTURE

- Material: copper acc. to DIN EN 13601
- Surface: galvanic tin plated

■ APPLICATION

- Compression tap wire connectors, H-form, for creating cable tap connections
- For use in substations

■ NOTES

- Recommended pressing method: Special clamp for Cu h-form compression tap wire connectors
- Legend:
Dimensions
A - Height
B - Width
C - Inner diameter
L - Length

Part no.	Main conductor diameter/tap wire mm ²	Height A mm	Width B mm	Inner diameter C mm	Length L mm	Weight in kg/1000 pc.	Packaging unit (in pc.)
