

# Copper band

## TECHNICAL DATA

Rolled copper foil and copper band

- **STRUCTURE**
- Material: Rolled copper foil

Part no.	Width mm	Length mm	Packaging unit (in pc.)
905122	10.0	33.0	1
905116	15.0	33.0	1
905117	20.0	33.0	1

- **APPLICATION**
- Stabilizes the braided ends of shielded cables and wires.

- **NOTES**
- Self-adhesive - with protective cover for the adhesive - electrically conductive adhesive - adhesive strength 900g/inch (according to KS A 1107) - thickness approx 40µm - thickness incl. adhesive approx 70µm. Other dimensions on request.

Part no.	Width mm	Length mm	Packaging unit (in pc.)
905118	25.0	33.0	1
905119	50.0	33.0	1
