

# ERG 50, ERG 120

## TECHNICAL DATA

Assembly tool

## ■ APPLICATION

- For cable ties made of plastic.  
Ergonomic hand tool with adjustable tension setting and automatic cutting. 360° degree rotating nose enables operation from any position. An impact damper absorbs the rear shocks, that occur when cutting the tie ends.  
Adjustable tension settings.  
Automatic cutting mechanism.

Part no.	Type	Tie width min - max mm	Length mm	Height mm	Width mm	Weight kg, approx.	Packaging unit (in pc.)
